

Step #1

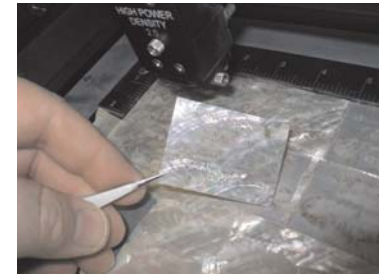

Engrave the image into the wood to the Depth of the Mother of Pearl Veneer.

Step #2

Outline the engrave file and use that file to cut the Mother of Pearl Veneer.

Step #3

Cut the Mother of pearl just deep enough to penetrate through but not enough to fall out, cut square around the cut letters.

Step #4

Place the Cut Mother of pearl over the engraved wood and line up.

Step #5

Use roller or plunger to push each letter into the engraved pocket

Step #6

Remove outer square of mother of pearl and press all letters into engrave pocket

Step #7

Glue over the pearl with clear super glue wiping any extra glue. Sand when dry.

Step #8

Apply Clear coating and finish part
